

World Day of Prayer 2021

Build on a strong foundation

7.30pm, Friday March 5, on Zoom

The annual World Day of Prayer this year has been prepared by the Christian women of Vanuatu is a group of 80 islands, 2,000 miles east of Australia in the South Pacific.

The region is prone to natural disasters: earthquakes, volcanoes and powerful cyclones. The image commemorates Cyclone Pam in 2015, and shows a mother bending and praying over her child as the waves crash over her. Cyclone Harold, which struck in 2020, destroyed everything in its path, including coconut trees specially adapted to withstand cyclones.

The key to surviving such events is to have a strong foundation, both physically and spiritually: this is the message the confident and purposeful women of Vanuatu want to share with us this year, based around the parable of two builders in Matthew 7:24-27.
